The school system may conduct summer sessions as a supplement to the instruction offered during the school year, when funding for such programs is available. The focus of the program will be to enhance and advance the academic work of the students.

Attendance in summer school will be determined by a mutual decision between parents, teachers and the school principal.

Students at all instructional levels may attend approved summer schools for remedial, enrichment, or make-up purposes. Credit towards graduation requirements may be granted high school students in line with regulations of the School District.

All summer programs will be subject to annual appropriations approved by the School Committee.
