

**Community Involvement:**

**Greenfield Special Education**

**Parent Advisory Council**

The Council is a volunteer organization of parents or providers of children with disabilities in district and in private/out of district placement schools. SEPAC strives to learn more about special education, to help improve our children's education. The SEPAC is an advisory committee to the School Committee. Our intent is to form a collaborative relationship with the School Committee in addition to working in cooperation with the administrators of the Greenfield Public School district.

*We all play an important role  
in the education of our  
students!*
